# **GEA-GLOBAL EDUCATION FOR ADULTS**

**Virtual Project Meeting number 1  
Project with several beneficiaries within the  
framework of the ERASMUS+1 program  
AGREEMENT NUMBER: 2021-2-ES01-KA210-ADU-  
000049278**

**DARS' PARTNERS IN THE GEA PROJECT**

## 1. High School Zanon – Udine

For many years the institute has been developing the project “RispettAmi”/ ”Respect Me” dedicate to a former student, victim of femicide.

The project involves a series of activities as part of the school curriculum focusing on the theme of Gender Equality.

**Study related to project GEA: Gender Equality**

## 2. Association Officina d'Arte & Tessuti – Spoleto

The partner has been devoted to textile research for many years both from the artistic and technological standpoints. They organize cultural events among which the Fiber Art Biennial and emphasize the ecological dimension of the re-use of materials.

Their project: “Ritagli d'arte. Nuove declinazioni del riuso” / Art Cut-outs. New re-using ways”.

In collaboration with the Galassia Firm from Parugia, manufacturer of cashmere wool and high quality items, the artists, teachers and students have transformed into Art the waste of the industrial process, usually going to landfill or at best used in the production of low quality by-products.

**Study related to project GEA: Ecology and Art**

### **3. Liceo Artistico – School of Art Belluno**

For many years Dars has been collaborating with Liceo Artistico of Belluno developing projects inherent in the designing of the Artist Book and other artistic initiatives.

Presently the activities of collaboration between Dars and Liceo Artistico are related to the PCTO programmes, that is to the Actions for the Acquisition of Transversal Competencies and Orientation issued by the Ministry for Education.

Gender Equality – Ecology and Art – Environmental  
Education**

#### **4 . Juodkrantes bendruomene - Neringa - Lithuania**

“Juodkrantes bendruomene” (Juodkrante Community) is an NGO, operating in Juodkrante, one of the villages of Neringa municipality (Lithuania), and is a part of Curonian Spit, which is included in UNESCO world heritage list.

The association maintains as its goal contributing to the protection of the environment and preserving the cultural heritage, specific to this area.

Regarding the EU objectives of the green economy, the association was the initiator of no-plastic packs in all production and service cycle of the Neringa municipality.

Apart from our engagement in international art and cultural projects, some members of the association have a long-standing experience in managing and participating in EU projects in the area of education (Comenius, Grundtvig, Leonardo da Vinci, Erasmus Plus).

**Study related to project GEA:  
Environmental Education**

## 5. Ljudska Univerza Ormoz

It is an Adult Education Centre dealing with informal educational programmes for different group targets of grown-ups (young adults, adults, elderly) based on workshops, lectures, field activities, events, encouraging actions about inclusion, crafts, environmental culture, digital learning, artistic performances. The institution runs also a Youth Centre which helps triggering multicultural, intergenerational connections between young and adult learners and, among other things, promotes European exchange and training programmes.

**Study related to project GEA: Climate awareness - Sustainable Agriculture**
